“2 out of every 3 people have no access to safe, affordable surgery when they need it”

“Mercy Ships is eradicating the diseases of poverty in Africa. Their floating hospital restores people’s dignity with free surgery and life-changing medical treatment. I fully support and commend Mercy Ships work.

“As a creative and artist myself, I strongly encourage you to get behind Mercy Ships with your time and talents.

“Mercy doesn’t just sit on the sidelines – Mercy acts!”

JB Gill
TV Presenter and Farmer
Mercy Ships Ambassador

Lack of access to surgery kills more people than the populations of London, Scotland and Wales combined.

Every year 17 million people die from conditions that could be treated with surgery.

It’s time the Church changed the odds...
